Discussion in pairs/groups

Did you pay special attention to something in the video(s) or learn anything new from them?

WHAT CAN WE DO AND HOW TO START?

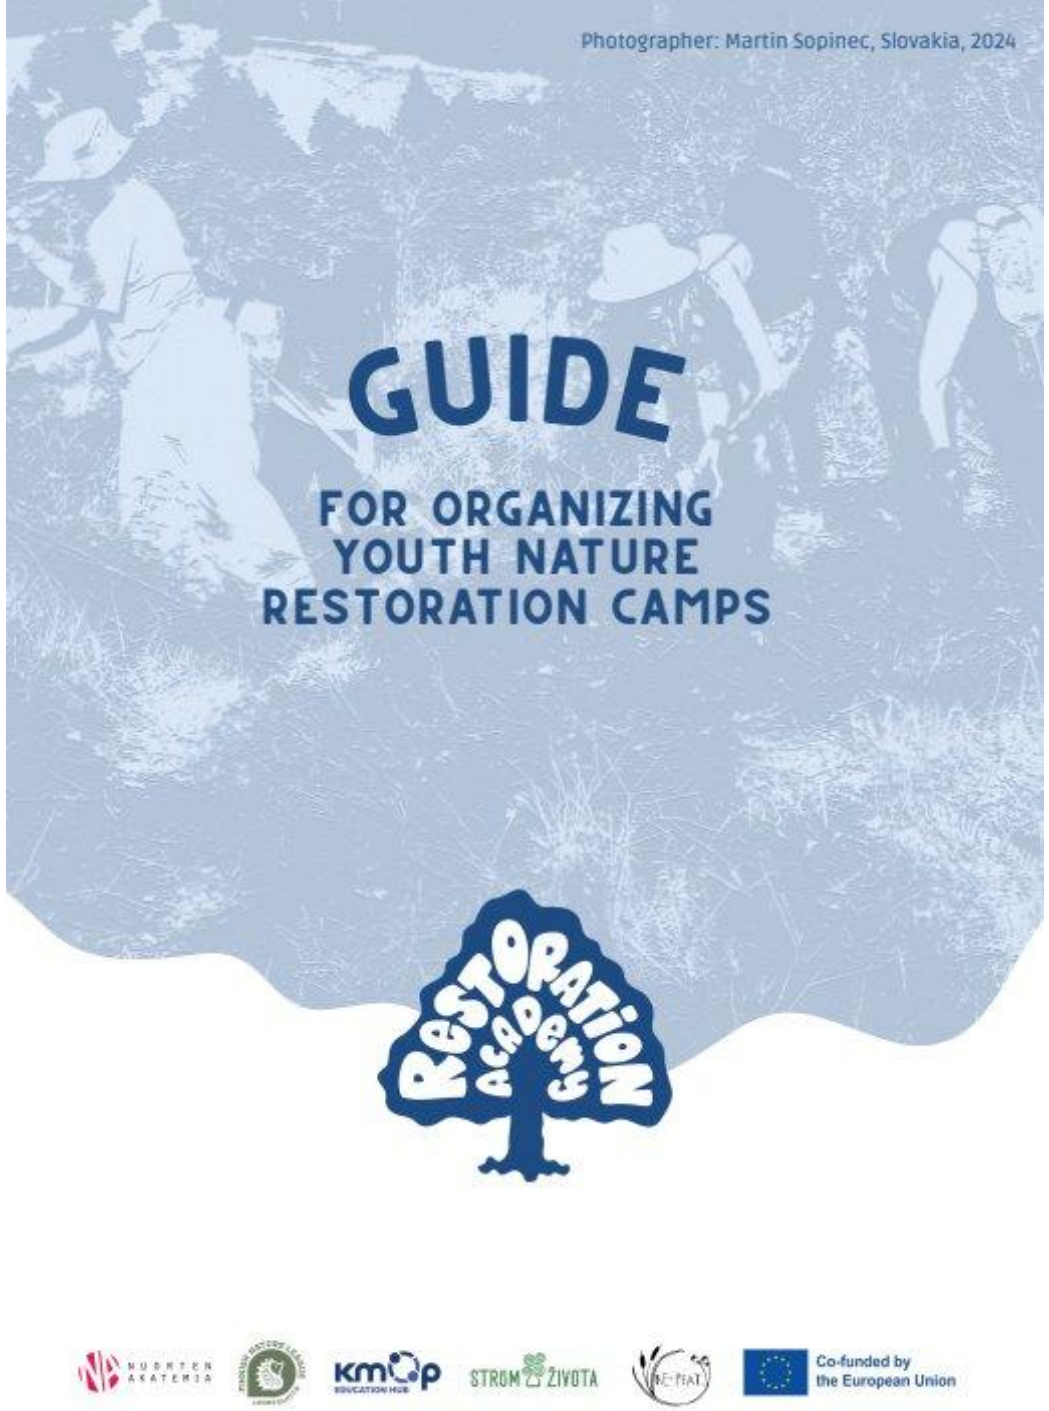
Open the guide:



First, try to find answers on a general level for the questions on the following slide:

Where is it possible to do nature restoration?

What kinds of partners are needed?

What kinds of environments are suitable for restoration, especially with youth?

What can nature restoration look like in practice?

Funded by the European Union

Now, shift your focus to your own local context where you're living or operating at. You can search for more information online. Try to find answers for the questions on the following slide:

What restoration projects exist in your area?

Which actors are implementing them?

Which projects or actors could be suitable for involving youth?
