BRIDGING PARADIGMS

BRIDGING PARADIGMS

Elevating Older Adults' Psycho-Social Health through Digital Literacy

TRAIN THE TRAINERS

On 13 and 14 October, the partners gathered in Athens, Greece, for the **train-the-trainers.**
During the two-day training session, they presented to professionals and educators from Cyprus, Greece, Italy, Romania and Slovakia the contents that will be available on the platform and which will help transform day centres into digital hubs.

DAY 1

The first 5 modules were presented on: digital devices, online safety, web research, online communication and social media.

DAY 2

The other 5 modules were presented on: health information, mental health and wellbeing, digital rights, secure online shopping and critical thinking in the digital age.

FEEDBACK

The participants were very engaged and enthusiastic about the topics. They shared many interesting insights based on their own experience, which will now be put into practice by the partners.
