

WELCOME TO THE 2ND NEWSLETTER OF THE “MATRIX” PROJECT

We are excited to share with you the latest updates!

2nd Transnational Project Meeting

The 2nd Transnational Project Meeting took place on May 25th, 2023, in Athens, Greece, hosted by KMOP. We are pleased to inform you that it was an incredibly successful and productive face-to-face meeting.

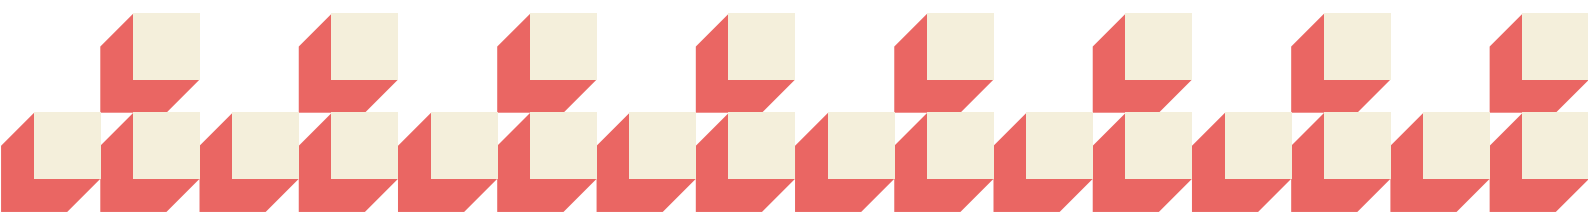

The primary objectives of the meeting were to finalise the Assessment of Employability Skills (WP2) and initiate the Employability Skills for Educators (WP3). All partners collaborated exceptionally well, contributing their expertise and insights to drive the project forward.

During the meeting, there were fruitful discussions and constructive exchange of ideas. We had the opportunity to review and refine the Assessment of Employability Skills, ensuring its accuracy and relevance to our project goals. Additionally, we officially launched the Employability Skills for Educators, a crucial aspect of our project that aims to equip educators with the necessary skills to support learners in their employability journey.

The face-to-face format of the meeting allowed for deeper connections and a more dynamic exchange of knowledge and experiences. It was inspiring to witness the dedication and enthusiasm of our partners as we worked towards our shared vision.

As we move forward, we are excited about the progress we have made and the growing momentum within the MATRIX project. The commitment and collaboration of all the partners continue to be essential in achieving our goals.

We look forward to sharing more updates with you as we embark on the next phases of the project. Together, we are making a positive impact on employability skills' development.
