

WHAT IS MATRIX?

The project MATRIX - STRATEGIC MAPPING OF YOUTH UNEMPLOYMENT, seeks to address the issue of youth unemployment and develop better employability skills for young people in each partner country and the wider European Union.

OBJECTIVES

- Develop and implement a coherent strategy and a roadmap for addressing youth unemployment. Identifying talent needs for specific sectors and provide an accurate training package for VET schools.
- To promote the enhancement of VET quality and attractiveness, with a specific focus on job opportunities and employment.
- Deliver a comprehensive skills development programme across multiple areas that will enable the youth to explore, train and retrain themselves for the work and self-employment.
