What is DIGINEXT?

DIGINEXT (Sustainable Digital Engagement for Seniors and New Professional Profiles in Resilient Rural Areas) is an EU-funded project working to strengthen digital skills among older adults and low-skilled individuals in rural areas. Through an innovative partnership between organisations in Spain, Italy, Greece, Austria, and Romania, DIGINEXT empowers local communities to thrive in the digital age.

THE NEWS

What Have We Achieved So Far?

A new professional profile:

The e-Rural Inclusion Specialist is a key innovation of DIGINEXT, a role dedicated to supporting digital inclusion in rural areas.

Explore the Professional Profile
