DIGINEXT RESULTS ARE OUT

Co-funded by
the European Union

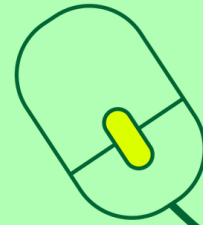

Welcome to the Newsletter

What is DIGINEXT?

DIGINEXT (Sustainable Digital Engagement for Seniors and New Professional Profiles in Resilient Rural Areas) is an EU-funded project working to strengthen digital skills among older adults and low-skilled individuals in rural areas. Through an innovative partnership between organisations in Spain, Italy, Greece, Austria, and Romania, DIGINEXT empowers local communities to thrive in the digital age.

THE NEWS.

After two years of collaboration, research, and innovation, DIGINEXT – Sustainable Digital Engagement for Seniors and New Professional Profiles in Resilient Rural Areas **released officially the results of the project.**

You can now **explore the results achieved** during these months of cooperation on the **DIGINEXT website.**

You can access the project outcomes through the following **links:**

- [DIGINEXT Professional Profile](#)
- Training course, composed by the [Training course](#) and the [Manual](#).

The consortium has already completed and finalized the piloting phase, which you can consult through the link provided here.

THANK YOU

Thank you for accompanying us throughout these two years. We hope that everything achieved in this project will continue to be useful and will keep contributing to the promotion of sustainable digital engagement for seniors and the development of new professional profiles in rural areas.

Stay Connected

Follow our journey and help spread the word about inclusive digital transformation in rural Europe:
